BMET (Bio Medical Engineering Technology) é uma área da engenharia que se concentra na aplicação de princípios tecnológicos e nos dispositivos médicos e de saúde. Um BMET de nível 1 geralmente é o profissional de entrada nessa área e é responsável por realizar tarefas básicas de manutenção e reparo de equipamentos médicos.

Algumas das tarefas comuns de um BMET 1 incluem: instalação e manutenção básica de equipamentos médicos; resolução de problemas de primeiro nível; teste e calibração de equipamentos médicos.

There are two ways to check how many bots are in a Telegram channel if you are not an admin of this channel. First of all, you can do it manually by opening the channel and scrolling through the member list to look for any users with a "bot" label next to their name. Then just count the number of users with that label.

[How do you check to see how many bots are in a Telegram channel?](#) : How-do-you-check-to-see-how-many-bots-are-in-a-Tel...ã Tap the search icon in the top right corner of the Telegram app. Enter the name of the channel in the search bar. Tap the channel name in the search results. Tap the "Members" tab at the top of the channel page. Scroll through the list of members to find any users with a "bot" label next to their name.
