Simple mobile games like puzzle games or casual games can be developed for as little as \$10,000 to \$50,000, while more complex mobile games like role-playing games or strategy games can cost up to \$500,000 or more.

A good puzzle game typically features a balance of challenge and accessibility, engaging mechanics, and a sense of satisfaction upon completion. It should also offer variety in its puzzles to keep the player engaged.
