I thought the game and awesome! The screen effects really made the story come to life. And it wasn't boring where you just want to skip it through and move on, you really want to read it and see what was happening! But there was only one problem, which caused me to delete the app. When you first open the app, they ask for your age, one of the options is 18 and under. So I click that and I start my first story. I really liked it! The story was well played out and I laughed a little, too. But the only problem was that the F word was put in there at least once in each story. I think that is extremely disappointing that they would do that. If you click 18 and under, I expect the creators of the app to eliminate all the F words and maybe more swears, I say this because 18 and under does include 10 year old, and younger as well. I do not think it is appropriate to add those types of swears into the younger category. It's a bad influence on children and really dangerous when you expose them to that kind of language. So I think that they need to fix that immediately. It's ruined the app experience for me. If they update it, and elimin
