Meu nome é Carolina, e sou gerente de marketing da 7 Games. Nossa empresa oferece uma plataforma online onde os usuários podem jogar e apostar. Recentemente, lançamos uma nova campanha de e-mail para aumentar nosso número de usuários.

**Campanha de E-mail**

Nossa campanha de e-mail foi projetada para atingir um público específico de pessoas interessadas em jogos e apostas. Usamos uma variedade de técnicas de segmentação para garantir que nossos e-mails fossem entregues às pessoas certas.

Nosso e-mail continha um link para nosso site, onde os usuários podiam se inscrever para uma conta gratuita. Também oferecemos um bônus de boas-vindas para novos usuários que se inscreveram por meio de nosso e-mail.

**Resultados**

The game was a commercial success; within 24 hours of going on sale, the game grossed over R\$500 million.
