ore, the future of the Stargate franchise lies with Amazon for now. Since December it has been reported that Amazon has decided to acquire the rights to the franchise. The deal is worth \$1.2 billion, making it one of the largest acquisitions in the gaming industry. Amazon will own the franchise, but will allow Activision to continue to develop and publish the games. The first game, Stargate Origins, is set to be released in 2017. The game will be a first-person shooter, and will be set in the Stargate universe. It will be developed by Activision's Redwood Entertainment studio. The game will be available on PC, PS4, and Xbox One. The game will be a single-player experience, and will feature a story that is set in the Stargate universe.
