<p>It's a really good game it's fun to play and entertaining I like this game because you couldn't make 6, £ sure the sound and there's no sound without loading up your device or 11 get down so get down so 6, £ it's a really good game it's fun to play and it really entertaining I like this game because you can 6, £

make sure the sound and there's no sound without increasing up your device or lowering it so what I would 6, £ like to say is that they should get quite a bit

of an upgrade and stop telling you to continuously 6, £ get something because during the run because you'd be focusing on your high score instead of something else as it's 6, £ really distracting and takes up a lot of your time during the run

as in addition I would like to 6, £ say that there is quite a couple of good things about this because you can watch an advert if you 6, £ wanted to you to get

the daily rewards are really rewarding and you can get a lot of keys which 6, £

would help you speed up one thing I do not like about this game is how the speed goes up 6, £ as you run fast I guess that's all the cons and all the pros Plus

there's a lot of kind 6, £ of thing you'd get five of something and you get its money and in the money the randomising money thing 6, £ is that you didn't after

10,000 coins right but usually it is 1000 coins and below which is kind of 6, £ really random because it's frustrating as I'm trying to get a lot of money which

would help if you'd allowed 6, £ us to get a lot of money in a certain time not just 1100 or 200</p>
