com/a

The year 2027 brought hope to a world on the brink o

f environmental and political collapse. On the last leg of its fundin

g, NATO's United Space Mission (USM) made a discovery on the moon that chang

ed the course of human history. A large alloyed sphere, found nestled

in a crater under the lunar dawn, is revealed to be an alien artifact

t containing a message for mankind. As an international team slowly deciphered t

he artifact, the content of this message began catalyzing a huge leap

forward in our sciences. Humanity was abruptly catapulted into a new interstell

ar age. There are those who now believe we were not ready. Intense, f

ast-paced, team combat. Animation and camera control that make you feel like a

space marine...super human. Have it all: jetpacks, armor, hammers, swo

rds, guns, bombs, in melee, ranged, and aerial combat. Tanks smashing

with hammers, deadly Scouts slashing their enemies down the middle with their k

atana, different jetpacks for every class create dynamic aerial comba

t, Gunners sniping from across the map, and Tech healing and dueling while layin

g down turrets. Even throw f-bombs! All class specific jetpacks allow

you to hop and bound across the map gaining momentum and speed. Your team's

combined skill and coordination determine the winner of this tournam

ent. Choose to fight as one of a growing cast of classes battling in

10-20 minute matches. Please try it out, it is not like other shooters.
