Call of Duty: Warzone Mobile is an FPS that combines action and the Battle Royale genre to offer a realistic and highly addictive gaming experience. Since 2024, the free-to-play title has let players enjoy intense war conflicts for free on their PC or console. Now, Activision is going for a AAA experience where you will find a completely redesigned gameplay for mobile devices.

TLDR: DMZ is part of Warzone not MW2. With MW3 we're not getting a new Warzone, but because MW3 we're getting an updated Warzone, and that means DMZ too.
